Professional Summary

I am currently pursuing MCA at St. Philomena College, Puttur, after completing my B.Sc. in Computer Science from GFGC Bettampady. My areas of interest include Artificial Intelligence, Machine Learning, Computer Vision, and Natural Language Processing. I enjoy learning new technologies and exploring how intelligent systems can be used to solve real-world problems. Through academic projects and self-learning, I am continuously improving my technical knowledge and practical skills. I am particularly interested in gaining hands-on experience and expanding my understanding of AI-related technologies.

Education

Master of Computer Applications (MCA), <i>St. Philomena College (Autonomous), Puttur</i>	2025 – 2027
Bachelor of Science (B.Sc.), <i>Government First Grade College , Bettampady</i>	2022 – 2025

Technical Skills

Programming Python, Java, C++, SQL	Databases MongoDB, PostgreSQL
Libraries & Frameworks NumPy, Pandas, TensorFlow, PyTorch, OpenCV, Seaborn	Areas of Interest Artificial Intelligence, Machine Learning, Computer Vision, NLP

Projects

- Online Shoe Shop Management System**
- **E-Commerce Database Architecture:** Designing a relational database schema to handle complex product variations, mapping unique shoe models to multiple sizes, colors, and real-time stock levels.
 - **User & Session Management:** Implementing secure authentication and user role separation (Customer vs. Admin) to handle personalized user profiles, dashboard access, and persistent shopping carts.
 - **Dynamic Search & Filtering:** Architecting efficient database queries to enable real-time product filtering and data retrieval based on customer preferences like brand, category, size, and price.
 - **Transactional Integrity:** Developing the backend logic for order processing, ensuring data consistency by linking order histories to user accounts and automatically updating inventory counts upon checkout.

Certifications

- | | | |
|---|--|--|
| • NPTEL – Machine Learning for Engineers and Science Applications | • IBM – Getting Started with Artificial Intelligence | • Simplilearn – Machine Learning with Python |
| • Simplilearn – AI for Beginners | • Talfor – Cybersecurity and Digital Forensics | |

Languages

- | | | |
|-------------------|-------------------------|-----------------|
| • Kannada(Native) | • English(Intermediate) | • Hindi(Fluent) |
